

There was a buzz in the Klaus Fellowship Hall during our September 12<sup>th</sup> meeting as the Women of Faith, United Circle learned about a Global Ministry need. We accomplished the mission of creating Menstrual Hygiene Kits for UMCOR. The 16 kits will be sent to the United Methodist Disaster Relief Warehouse in Decatur, Alabama. This warehouse is charged with the warehousing of UMCOR disaster relief supplies such as cleaning kits, hygiene kits and menstrual hygiene kits, among others. As a relief effort arises the kits are sent to the area in need. It was wonderful and rewarding to see our group learn and accomplish this task. Thank you to all who helped bring in the items needed for each kit.
