

## Support St. Paul Public Schools

2026 has started off as a challenging year for many families in our St. Paul Public Schools community. Economic instability, rising costs and growing fear tied to federal immigration enforcement have left many families uncertain about their safety and financial security.

Some parents are struggling to meet basic needs, making hard decisions about daily routines, work and caregiving. For too many students, access to food and essential supplies is no longer guaranteed.

When our community faces hardship, we show up for one another. We are raising funds to provide food and essential supplies directly to SPPS students and families who need it most.

This fundraiser is designed to address wealth and income disparities across our city and ensure support is distributed equitably, based on needs within each school community.

Every contribution helps provide stability and dignity for students and their families so they can thrive during this uncertain time.

This campaign is managed by the Highland Park Middle School Parent Solidarity Network, a nonprofit. Again, all donations go directly to supporting SPPS students and families across the district facing the greatest need.

## Support Humboldt High School

Financial donation to school to Help Our Neighbors in Need

Recent events have brought a lot of strife and uncertainty to the families of Saint Paul. The staff and parents of Humboldt High School have banded together to raise money for food, essential supplies, and other needs for families in the area.

Every dollar donated goes directly to supporting our neighbors, and every dollar counts. You will receive a tax receipt.

Diapers/pull-ups  
Menstrual products (pads are typically most versatile among various cultural/religious groups)  
Soap, shampoo, etc.  
Toothbrushes, floss  
Toothpaste  
Dish soap  
Laundry soap

## Support Minneapolis Elementary School

Housing fund for school families

Right now in the Twin Cities, many families have lost their critical income and are facing immediate housing and financial insecurity. We are a group of concerned ally families raising money to ensure families in our school communities are able to pay rent and meet other basic needs in the coming months. We will be releasing funds as they come to families that have expressed need.

Funds will be used to help with rent and any late fees, utilities, and cash stipends for necessities like groceries.

For safety, this description is general, and names are private; our organizers will find the safest way to verify payment. We appreciate your collaboration and support.
